NOTE: An object might look different in the picture: For example, Bridges might be made of wood or stone, and Beetles come in different colors and shapes.

HOW TO PLAY

Everyone plays at the same time. Who will get rid of their five cards first?

1 When everyone is ready, flip over the top card of the deck into a new pile to show its object side.

Object

2 All players now search for this object on their picture cards. Whoever finds it first shows it to the other players. This card is flipped over and placed on top of the object pile.

3 You will see the new object that you are now looking for on your cards.

Flip

"Look, there's an ice cream cone!"

4 If no one discovers the object, flip over a new card from the deck and place it on the stack with the objects. The search continues!

The first player to get rid of all their cards wins!
